

WOOSUNG

The Cradle Of Innovation

WOOSUNG PRECISION INDUSTRIAL CO., LTD

Company Introduction

Starting as a plough manufacturer for various brands of cultivators in 1980, Woodsung Precision Industrial Co., Ltd. has been an integral supplier to many original equipment manufacturers (OEMs) in South Korea and beyond. Our products range from farm implements to various parts for automobiles and marine equipments, farming and gardening machineries, construction equipments, and landscaping equipments, etc. Woodsung Precision operates three plants at the present moment, and our operations and production methods involve with metal fabrication, forgings (hot and cold), stamping, blanking, precision machining and grinding. In addition to metal working, Woodsung Precision is increasingly venturing into developing electrical widgets and electronically controlled hydraulic devices.
